Overview of the report

This report describes the completion of deliverable D1.1: *Widening KPI: Evolution of the publications in high impact journals in the SIMICA research field.*

Statement

We hereby confirm that we have encoded in the Continuous Reporting Tool – in the PUBLICATIONS Tab – all the "Peer-Reviewed Publications" relevant to our project and which fall in the particular field of research of our project's Action, for the Coordinating Legal Entity, during the 3 years preceding the start date of the project – project started on: 01/10/19. 126 publications were encoded.

All 126 WIDENING KPI publications were encoded as "not on open access" and as "not uploaded/deposited in an online repository" as, according to the GA, the open access and online repository deposit obligations apply only to publications during the duration of the SIMICA project.
